

Farooq Halabi

Knowledge Management & CX Operations

I turn product updates and customer questions into useful knowledge for customers and the teams supporting them.

fahalabi.github.io / Connect on LinkedIn / English + Arabic

4+ years

Shahid / MBC Group
Jan 2022 - Mar 2026

360+ articles

English & Arabic, combined
Reported delivery in 30 days

~500 agents

Supported across 3 markets
UAE, Jordan & Egypt

SELECTED WORK / SHAHID

01 A clearer knowledge base

Rebuilt bilingual Help Centre and Salesforce Knowledge content, including taxonomy, search and article structure.

360+ articles in 30 days, combined.

02 Better WhatsApp journeys

Redesigned, configured and tested five English and Arabic bot journey areas, including routes to human support.

15-20% fewer contacts after launch.

03 Support ready for launch

Tested signup and account journeys, then prepared bilingual knowledge and training for agents and trainers.

~500 agents supported across 3 markets.

04 Training people could use

Reworked English technical training, guides and assessments, with workshops to prepare trainers.

3 workshops for 20-30 trainers.

Outcomes are based on reported project experience.
Approximate figures are marked.
